

KOSU Runway Safety Meeting Invitation

This meeting is to unite those individuals and organizations that are actively involved in the air traffic operations and movement of aircraft, vehicles, and equipment on the Airport Operations Area (AOA). We look for participation from all major airport interests including tenants, fixed base operators, airport operators and maintenance personnel. Participants are asked to help develop recommendations and solutions to enhance surface safety.

Directions: After turning into the OSU Airport driveway continue straight. The administration block building is the first building on the right. Parking is available in front of the building.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
